LE SUEUR

— Comprehensive Plan —

Game Board Instructions

1. Write names of all group members on the game board at your table (please print clearly).
2. Assign a group “recorder” for the game. This person will record group responses.
3. Assign a group “presenter” for the game. At the end of the exercise, each group will share out three “ah ha findings” from their group discussion.
4. Be aware of time. You have 1 hour to make it around the board, so try to keep the game moving.
5. Begin the game at the Start box. Answer the questions in order moving counter-clockwise around the board. If your group can not come to consensus on an answer, the recorder can note this on the gameboard and list multiple responses. Where there are multiple choice questions, each member should place tally marks in the appropriate column(s).
6. Some questions require marking locations on the map. Please use the stickers and markers in the box provided for these exercises. Post it notes are also included should you wish to leave any general comments. You may also use the margin area of the map for comments.
7. HAVE FUN!
8. Thank you for your participation! Your input is very important.

Additional Opportunities for Your Input

Project updates and a community survey can be found on the comprehensive plan website (xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx). The community survey will close on xxxxxxxxxxxxxxxx.
