## Fall Clean-Up & Compost Site Reminders

The fall season is upon us! Leaves will soon be changing color and falling. We hope that you can spend time outdoors and enjoy all of the beautiful colors. We would like to take

this time to remind you that the City of Le Sueur does not have curbside pickup of leaves and brush. We ask that you do not rake leaves into the gutter, but take them to our compost site.

The City of Le Sueur Compost Site is open to the citizens of the City. The compost site is located off of Water Street, at the west end of town. We accept lawn grass, leaves, branches, and small quantities of dirt. We do not accept plastic bags, construction material and cement or household trash, electronic equipment, stoves, and refrigerators. There is a \$700 fine if caught dumping these items. A full list of compost rules are posted at the entrance to the site.

Thank you for your assistance in keeping our City looking nice!

## Update from Mayor Bob

Mayor Bob would like to take the time to personally thank our City Employees for the job they do to serve us who live in this great community.

We received some great suggestions for the betterment of the City at the last Mayor's Coffee Break. Our next Coffee Break will be Thursday, November 7th from 9:00 a.m. to 10:00 a.m. at City Hall.

### Annual Notice to All Residential Customers

Bills can pile up just like snow. However, the Minnesota Cold Weather Rule is designed to protect people who may have trouble paying their utility bills in winter. A municipal utility must not disconnect and must reconnect the utility service of a residential customer during the period between October 15 and April 15 if the disconnection affects the primary heat source for the residential unit and all of the following conditions are met:

- The household income of the customer is at or below 50 percent of the state median household income. A municipal utility may (i) verify income on forms it provides or (ii) obtain verification of income from the local energy assistance provider. A customer is deemed to meet the income requirements of this clause if the customer receives any form of public assistance, including energy assistance, that uses an income eligibility threshold set at or below 50 percent of the state median household income.
- A customer enters into and makes reasonably timely payments under a payment agreement that considers the financial resources of the household.
- A customer receives referrals to energy assistance, weatherization, conservation, or other programs likely to reduce the customer's energy bills.
- A municipal utility must, between August 15 and October 15 each year, notify all residential customers of the provisions of this section.

Local agencies may be able to provide payment assistance if you have trouble paying your utility bill. The State Department of Human Services recommends you call the county in which you live. If you know you're going to have trouble paying your utility bills, please contact Diane at Le Sueur City Hall at (507) 665-6401 ext. 203 to try to work out a payment schedule. We'll try to help.
