Le Sueur Living

Night to Unite Tuesday, August 3rd

Night to Unite is back! This annual event is an evening for neighbors to gather and dedicate time for celebrating and strengthening our commitment to a safe community. It can be as simple as turning on your front porch lights and getting together with your neighbors to play yard games and catch up.

The Le Sueur Police Department is looking forward to participating in Night to Unite celebrations once again this year. If you, or someone in your neighborhood is planning a Night to Unite gathering, please let the Le Sueur PD know so they can stop by for a visit (and share some prizes too). Registration forms are available at www.cityoflesueur.com or the Le Sueur Police Department (205 South 2nd Street).

CSAH22 Improvements Project Update

Construction of the CSAH 22 (TH 112 Turnback) Improvements Project is over half way completed. The project is within the final stages of construction and is anticipated to be completed by the scheduled completion date of October 1, 2021. The project has required extensive collaboration and the transformation of our City streets is readily visible.

The construction this summer involves primarily three stages: Stage 3 consisting of the south end of Elmwood Ave. through the intersection of CR 115, Stage 4 consisting of Ferry St. from Elmwood Ave. through the intersection of Kingsway Dr., and Stage 5 consisting of Commerce St. from Market St. to TH 169 interchange. Work on Stage 3 is ongoing and will be for the rest of summer. The reconstruction of the intersection of CR 115 will be the final area of work completed on the project. Work on Stage 4 is ongoing and will be for the next two months. Interim milestones of completion are anticipated consisting of the following:

- Access on Ferry St. between Elmwood Ave. to S Park Ln. on gravel surface anticipated by end of day July 9th for the Giant Days Kick-Off.
- Access on Ferry St. between Elmwood Ave. to Outer Dr. on bituminous surface anticipated by end of July for the Giant Days celebration and parade route.
- Full reopening of Ferry St. from Elmwood Ave. to Kingsway Dr. anticipated by end of August for the start of school.

Work on Stage 5 is substantially complete and remaining work consisting of final wear lift and grading will be completed under traffic throughout the next month.

Be sure to visit the project website for additional information and a **special thank you to the community and businesses for the support and patience throughout construction as we work hard to reach the finish line.** Project questions may be directed to Cory Bienfang, City Engineer at cory.bienfang@bolton-menk.com and 507-995-2936.
